

PRINZOL LUBRICANTS, INC

Product Data Sheet Rev 03/08/2016

CODE: G-710 SYNTHETIC BLEND GEAR OIL 75W-90

PRINZOL Synthetic Blend Gear Oils 75W-90 is formulated with conventional and synthetic base oils to provide superior gear protection over a wide range of operating and ambient temperatures.

It contains additives for extreme pressure, rust preventatives, and antifoam.

It protects hypoid gears, manual transmissions, gearboxes, passenger car and light truck conventional differentials, transmission and steering gears.

PRINZOL 75w-90 Gear Oil contains the additive package which convey characteristics most desired in chemical stability, thermal stability, rust protection, corrosion protection, anti-foam protection, oxidation resistance and sludge formation resistance

Recommended for:

PRINZOL's Gear Oils may be recommended for the following application:

- When API GL-5, GL-4 or GL-3 gear oils are required
- When MANN 342M-2 gear oils are required
- When MIL-L-2105D gear oils are required
- In all domestic automobile differentials and some manually shifted transmissions
- wheel bearings lubricated with oil

Specifications

Product Gear Oil	75W-90
Product Code	G-710
Viscosity cSt@40 ⁰ C	126
Viscosity cSt@ 100°C	17.3
Viscosity Index	151
Gravity, API	31.2
Pour Point, °C(F)	-48(-54)

Follow equipment manufacturer recommendations and conventional guides to determine the best applications.
