

Prinzol Gold Ex-Life 50/50.

A promotional graphic for Prinzol Super Gold 50/50. On the left, the Prinzol logo is displayed with a red star and the text "PRINZOL™ SUPER GOLD 50/50". Below the logo, the text "- Super Gold 50/50" is written in a large, bold, orange font. In the center, a paragraph of text describes the product's benefits. On the right, a black plastic jug of the product is shown, with a label that matches the product name. At the bottom right, the text "OAT (organic acid technology)" is written in a light blue font.

Prinzol-Super Gold 50/50 will be suitable for passenger cars, vans, SUV's, light trucks and heavy-duty vehicles. It contains pre-charged extended life additive package that contains the initial charge of supplemental coolant additive (SCA). It will demonstrate outstanding aluminum corrosion control in addition to superior protection for copper, brass, solder, steel and cast iron. It contains nitrite content which will also control pitting/cavitation damage to diesel engine wet sleeve cylinder liners.

OAT (organic acid technology)

Prinzol-Gold Ex-Life 50/50 is an extended life anti-freeze/coolant pre-mix for car and truck engines. It will provide a service life of 5 years or 150,000 miles and is suitable for use in foreign and domestic passenger cars, vans, SUVs and light trucks requiring extended life antifreeze.

Prinzol-Gold Ex-Life 50/50 is formulated with an all-organic OAT (organic acid technology) inhibitor package. It contains no phosphate, silicate, amines, borate or nitrite.

Prinzol-Gold Ex-Life 50/50 contains ingredients to provide broad-range metal protection and guard the cooling system against corrosion and cavitation-erosion. In addition, it contains additives to minimize hot surface scaling while also preventing heat transfer surface fouling due to minor oil leakage.

Prinzol-Gold Ex-Life 50/50 is a ready to use, premix (50/50) product. DO NOT DILUTE with water. It can provide freeze protection to -34°F and boil over protection up to $+265^{\circ}\text{F}$ (w/15psi). It is fully compatible with all major brands of premium, antifreeze/ coolants. It DOES NOT contain any recycled antifreeze.

Prinzol-Gold Ex-Life 50/50 can be mixed with most major brands of straight-OAT and conventional Antifreezes without the precipitation problems encountered with non-hybrid products.

Prinzol-Gold Ex-Life 50/50 requires an SCA for HD diesel truck service. Prinzol-Gold Ex-Life 50/50 is an extended life formula. Prinzol-Gold Ex-Life 50/50 protects all cooling system components with multi metal corrosion inhibitors, and has lubricating properties.

Specifications

- EG CONTENT 47-48%
- INHIBITORS >1%
- COLOR: Yellow
- SPEC GRAVITY 1.06
- pH(as is) 8.5-9.5
- FREEZE PT(as is) -34°F
- BOIL PT(as is) $+265^{\circ}\text{F}$
- Meets: ASTM D3306 D4985 D1384, D4340, D2570, D2809

Cooling System Recommendations

A clean cooling system is required for the protection of your vehicle/ equipment. When changing coolant, always drain and flush your system thoroughly before refilling with recommended coolant. Maintain coolant levels properly. Always top-off with premix coolant. Change coolant regularly to remove contamination that may develop from engine gases or other fluids. Always follow manufacturers' service recommendation.
